PROFILE

Full Stack Developer with 4 years of experience delivering responsive websites, e-commerce platforms, and management applications. Hands-on experience with React, Next.js, Angular, TypeScript, Node.js, NestJS, and relational databases. Builds reusable interfaces, REST APIs, and role-based workflows, with additional experience in Flutter applications and AWS deployment. Working independently as a freelance developer since June 2026.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Angular, JavaScript, TypeScript, Redux, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI

Backend & APIs: Node.js, NestJS, Express.js, PHP, REST APIs; Java-based application integration

Databases: PostgreSQL, MySQL, MongoDB

Mobile & Cloud: Flutter, AWS (EC2, S3, RDS), Vercel, Netlify

Tools: Git, GitHub, GitLab, Postman, Figma, VS Code; Docker basics, CI/CD workflows

PROFESSIONAL EXPERIENCE

Freelance Full Stack Developer

June 2026 - Present

• Develop responsive client websites and management applications using React, TypeScript, Tailwind CSS, Node.js, NestJS, PostgreSQL, and MySQL.

• Translate client requirements into interfaces, integrate REST APIs, and maintain deployed applications across business domains.

Full Stack Developer | Planext4u

October 2025 - May 2026

• Developed an e-commerce ecosystem with vendor, customer, and admin platforms, including Flutter mobile apps and Next.js web applications.

• Built Node.js REST APIs and PostgreSQL data models for products, users, vendors, orders, and business workflows; integrated AWS deployment and storage.

• Implemented authentication, role-based access, and reusable components using TypeScript and Tailwind CSS.

Full Stack Web Developer | Gift Web Solution Pvt. Ltd.

April 2024 - September 2025

• Built responsive web applications using React.js, Next.js, and TypeScript, with Node.js, Express.js, MongoDB, MySQL, and PHP backends.

• Integrated REST APIs, translated Figma designs into responsive pages, improved application performance, and mentored junior frontend developers.

Front End Web Developer | Igeet Online, Nagercoil

January 2023 - March 2024

• Developed e-commerce admin and seller panels using Angular, TypeScript, Material UI, and Bootstrap; implemented role-based access and collaborated through GitLab.

Freelancer and Trainer

July 2022 - December 2022

• Delivered websites for clients across business domains and trained 20+ students in HTML, CSS, JavaScript, React, and Git/GitHub.
